## About Island Charters

We are the leading and preferred boat chartering, cruising and sports fishing company based on Mahé, the main island in the Seychelles archipelago.

We operate two luxurious, modern boats aptly named 'Island Girl' and 'Island Star.' Both vessels are manned by qualified and experienced crew members who are passionate about the sea and have first-hand knowledge of our Seychelles waters and magical islands. Moreover, our company is renowned on the local fishing circle as our boats have won numerous national fishing competitions over the years. We also practice catch and release of billfish and other species.

With over a decade of experience in the business, we pride ourselves on our level of professionalism, excellent customer service and commitment to ensuring that your time with us surpasses all your expectations and that you have some wonderful tales to share when you get back home. In summary, your trip with us will become a life-time memory.

## The Seychelles Islands

Located between 4° and 10° south of the Equator just outside the cyclone belt, the Seychelles Islands is the world's best kept holiday spot with plenty of sunshine all year round, world-renowned un-crowded beaches and 115 islands to explore. The islands fall into two distinct groups, the Inner and Outer islands, spread over 1.4 million km<sup>2</sup> of warm, azure ocean. The short sailing distances between the Inner islands is ideal for those who love island hopping with BBQ on the beach while those seeking the thrill of adventure on the wide open sea will enjoy the longer journey to the Outer islands to witness untold beauties seen by few.

With Seychelles offering year-round cruising and fishing opportunities, it is the perfect place for sea lovers and sport fishing enthusiasts. It has some of the richest fishing grounds in the world, which means that you will not have to venture far from the shore to experience the abundance of fish such as sailfish, marlin, dorado, tuna, grouper, red snapper, giant trevally, etc.....and who knows, you could quite possibly break a world fishing record whilst you're at it!
